POT-GROWN Strawberry Plants

All the varieties we offer have perfect flowers and do not require the association of any other variety in order to be fruitful

•KEVITIS JUBILEE•

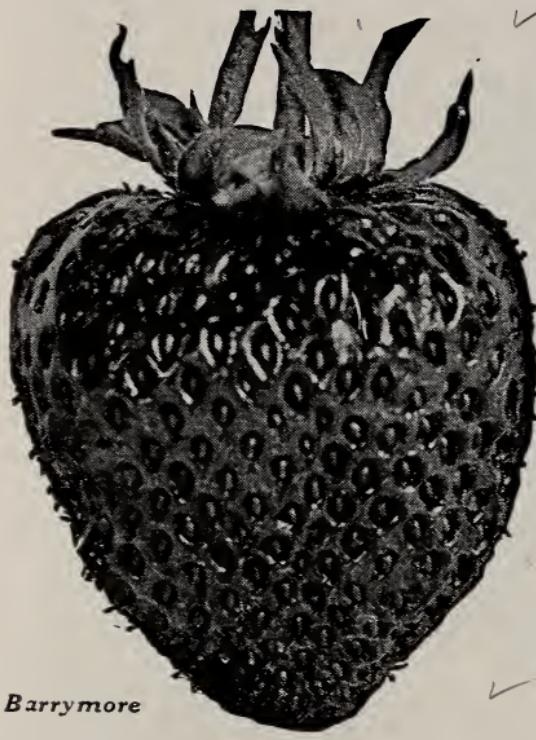

After many years of intensive experimenting this new black Strawberry is offered this year for the first time. The plants are vigorous and healthy, the large berries are very dark, lustrous reddish black, the leaves thick and dark green in color. It is considered one of the most prolific varieties introduced and is sure to become popular as it becomes better known. 25 plants \$4.50, 50 plants \$8.00, 100 plants \$15.00.

BARRYMORE. A high class mid-season variety, producing fruit of the very finest flavor. Very large, glossy and attractive. 75c. per doz., \$5.00 per 100.

BIG JOE. A popular mid-season variety, producing large handsome berries. In flavor it is one of the best, is a perfect table and canning Strawberry, and a superior shipper. 75c. per doz., \$5.00 per 100.

BRANDYWINE. The berries are large, roundish-conical, regular and uniform, bright glossy crimson, very handsome, firm and solid, excellent in quality, with fine aromatic flavor. Plant remarkably vigorous and productive. Mid-season to late. 75c. per doz., \$5.00 per 100.

Barrymore

CAMPBELL'S EARLY. A variety from Cumberland County, N.J., the home of the Gandy, and is claimed to be as valuable as an early variety as is the Gandy as a late one. The berries, which are exceptionally uniform in size and shape throughout the season, are bluntly conical, firm for an early variety and bright flame crimson in color. Plant a strong, robust grower and very prolific. 85c. per doz., \$6.00 per 100.

CHESAPEAKE. A superb berry by reason of its large

size, uniformity, firmness and superior quality. One of the easiest varieties to pick. Though this variety does not set an immense amount of fruit, yet every blossom makes a berry and each berry may be termed "fancy." It ripens at practically the same time as the Gandy; starting three or four days earlier. The berries are all very large and beautiful, so regular in form and size as to suggest being cast from a mold. Of the very highest quality. 85c. per doz., \$6.00 per 100.

COMMONWEALTH. One of the best and largest of the very late berries. Very attractive in appearance and delicious in flavor. 75c. per doz., \$5.00 per 100.

EARLY OZARK. This extra early variety ripens its crop and is out of the way before mid-season kinds come in. The fruit is dark crimson in color, very large and does not get small towards the end of the season. An exceedingly prolific variety. 75c. per doz., \$5.00 per 100.

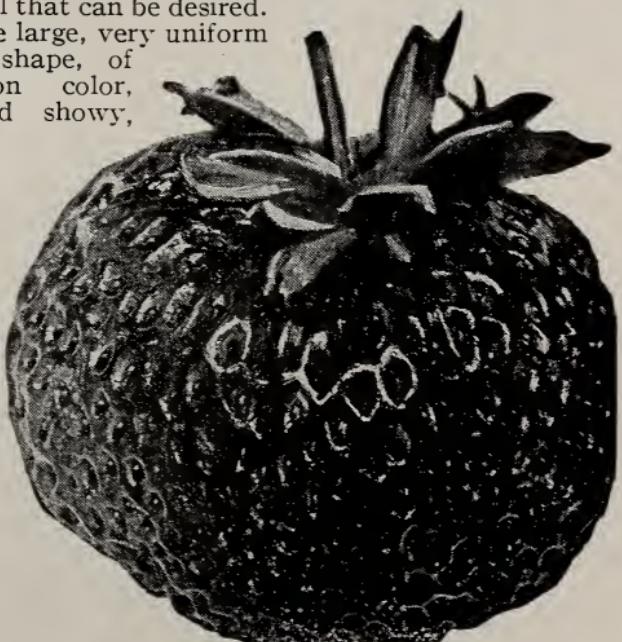

EARLY JERSEY GIANT. Ripens with the very earliest. Berries very large, brilliant scarlet crimson; has a delightful aroma, rich, mild, wild strawberry flavor. A fine variety in every way. 85c. per doz., \$6.00 per 100.

GANDY. One of the best late strawberries. In size and firmness it is all that can be desired. The berries are large, very uniform in size and shape, of bright crimson color, handsome and showy, very firm and of good quality. 75c. per doz., \$5.00 per 100.

GLEN MARY.

(Mid-Season.)

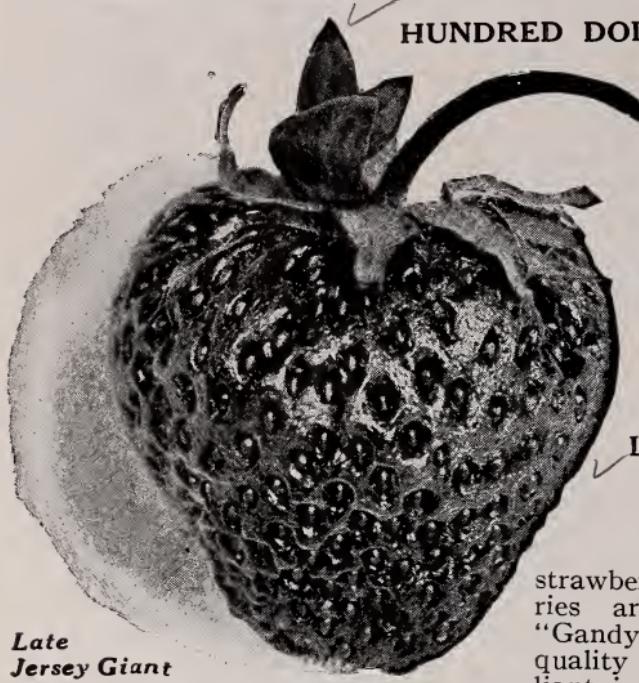

A superb variety which unites large size, great productiveness and good quality; bright glossy crimson, and fine in flavor. The plant is strong and healthy, very prolific. 75c. per doz., \$5.00 per 100.

Commonwealth

HUNDRED DOLLAR.

A very valuable mid-season variety. The plant is a strong vigorous grower, and among the most prolific. The bright scarlet berries are very large, mild, sweet and luscious. 75c. per doz., \$5.00 per 100.

Late Jersey Giant

more productive. The berries are truly mammoth, heart-shaped, with blunt apex and exceptionally uniform in shape and size. 75c. per doz., \$5.00 per 100.

MARSHALL. An old and known variety of excellent quality. One of the largest strawberries on the market; it is a strictly fancy berry, not quite so productive as some other varieties, but its large size, fine quality and handsome appearance will go a long way to make up this deficiency. It is a berry that finds a ready sale at top prices in the market. 75c. per doz., \$5.00 per 100.

NEW YORK. As fruited here, the berries are large, very large; season of ripening, medium; color, dark scarlet, changing to crimson, when fully ripe; colors all over at once, no green sides or green tips. The quality is good. In growth of plant it is very large and stalky. 75c. per doz., \$5.00 per 100.

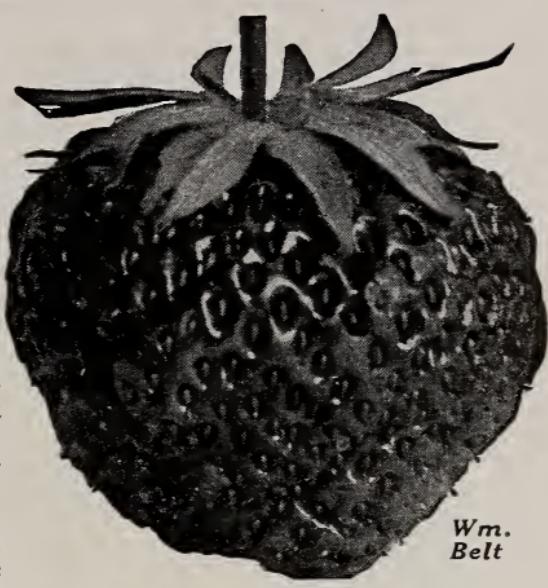

NICK OHMER. The plant is a good grower, of large size, free from rust, makes a good number of plants and bears very heavy crops. The fruit is very large, dark glossy red, firm, of good quality. It has a long season extending from early medium to late. It is especially adapted to hill culture. 75c. per doz., \$5.00 per 100.

SHARPLESS. Berries large to very large, somewhat irregular in shape, crimson, moderately firm and of good quality. Mid-season. 75c. per doz., \$5.00 per 100.

Success

✓ **SILVER COIN.** A mid-season variety that excels in uniting desirable properties. Its salient points are brilliant color, luscious flavor and productivity. The berries are not only large, but very nearly all of them are large and they are very uniform in shape. The color is a brilliant flame red and the texture is firm. The plant is of strong, vigorous habit with large foliage that never rusts, blights nor mildews; fruit stalks large and strong, holding the great crop of berries well from the ground. 75c. per doz., \$5.00 per 100.

Wm.
Belt

✓ **STEVENS LATE CHAMPION.** This late variety is remarkable for its heavy cropping qualities, and does well on light sandy soil. The berries are large, perfect in form, color bright crimson. 75c. per doz., \$5.00 per 100.

✓ **SUCCESS.** This strawberry is the earliest large variety we know of. The berries are globular in form, slightly conical and of a bright scarlet color. The flavor is mild, sweet and rich, a vigorous grower and very productive. 75c. per doz., \$5.00 per 100.

✓ **WM. BELT.** The berries are as large as Bubach, more perfect in shape, just as productive and the color is perfect. (Mid-season.) 75c. per doz., \$5.00 per 100.

FALL, or EVERBEARING STRAWBERRIES (Pot Grown)

Their value has been proven and they have come to stay. Many persons have the erroneous impression that the Fall or ever-bearing Strawberries are difficult to grow successfully. Plant in same manner and give same treatment as the "June kinds." To get best and most paying results keep blossoms pinched off until three weeks of the time fruit is wanted. The rule is to stop pinching the blossoms after August 1st.

✓ **AMERICUS.** The fruit of Americus is borne on long stems which hold up the fruit in most cases above the leaves. The berries are aromatic and excellent in quality. If a late frost sweeps out the first set of fruit the plants will go right on and bear some more; this is also true of Progressive and Superb, and should be considered by the grower in selecting the varieties to plant. Grow some Americus, and taste in September one of the finest and best-flavored Strawberries on the market. \$1.25 per doz., \$7.00 per 100.

✓ **ADVANCE.** In a general way it is a good deal like Superb, with larger berries. The plants, however, are better growers and more prolific. The berries are nearly round, of good size and shape, deep crimson, firm, and of good quality. \$1.25 per doz., \$8.00 per 100.

✓ **PROGRESSIVE.** Considered by many growers to be one of the best everbearing Strawberries. The fruit is rich and sweet, of a deep red color inside and out. \$1.25 per doz., \$8.00 per 100.

✓ **SUPERB.** The fruit of this variety is medium to large, and very attractive. The berries are a glossy, dark red, aromatic and of excellent quality. \$1.25 per doz., \$8.00 per 100.

STRAWBERRY BASKETS

W. & D.'s Special Mixtures—For Hay and Permanent Pasture.		
For Light, Medium and Heavy soils.....		\$3.75 35.00

W. & D.'s Farm Seeds (FOR SUMMER SOWING)

Alfalfa. Very valuable, not only as a forage crop, but as a soil enricher. If sown broadcast, sow 30 to 40 lbs. per acre; if drilled in, sow 25 to 30 lbs. per acre. Per lb. 45c., per 100 lbs. \$40.00.

Crimson or Scarlet Clover. Excellent for a cover crop in orchard, or for plowing under to improve poor soils. Sow at the rate of 20 lbs. per acre. Per lb. 45c., per 100 lbs. \$40.00.

Hungarian Millet. The quickest catch crop for hay, may be sown any time through the Summer up to the middle of August. Sow one bushel per acre. Per lb. 15c., 100 lbs. \$12.00.

Japanese Millet. A distinct variety, grows tall and produces an enormous crop. Whether green or cured, it is much relished by all kinds of stock. Sow at the rate of 15 lbs. per acre. Per lb. 15c., 100 lbs. \$12.00.

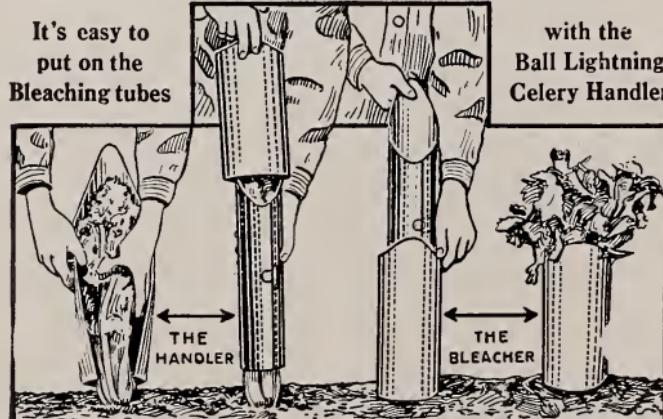

Dwarf Essex Rape. Provides a perfect pasture and is relished by all kinds of stock. Sow 10 lbs. per acre broadcast and 5 lbs. per acre in drills. Per lb. 30c., per 100 lbs. \$25.00.

The Ball Lightning Celery Bleacher

No banking with soil. No hunting up boards

These Bleaching Tubes are generally used on early Celery in the Northern and Middle States, also in the South where the temperatures are too high for soil-bleaching. For best results they should not be used for bleaching when freezing temperatures occur at night. They bleach best when outside temperature is from 50 to 75 or more degrees.

Price of the Ball Lightning Celery Handler \$3.50. Mail weight 3 lbs. Bleachers 6x12 in., 30c. per doz., \$2.40 per 100; 6½x13 in., 35c. per doz., \$2.75 per 100. Mail weight, per doz. 2 lbs.

Insecticides

Arsenate of Lead Paste. For use against all Leaf-eating Insects that attack foliage and fruit trees. Lb. 45c., 5 lbs. \$2.00, 12½ lbs. \$3.50, 25 lbs. \$6.50, 50 lbs. \$12.50, 100 lbs. \$24.00.

Arsenate of Lead, Powdered. Easier to handle than the paste. One pound makes 50 gallons for use. Lb. 65c., 5 lbs. \$2.75.

Bordeaux Mixture, Liquid. For all fungoid diseases. Qt. 60c., gal. \$1.50, 5 gals. \$6.50.

Bordeaux Mixture, Dry Form. For dusting plants affected with mildew. Can also be used as a spray. Lb. 45c., 5 lbs. \$2.00, 25 lbs. and over at 32c. per lb.

Bordo-Lead Paste. Kills insects and prevents blight, mildew, rust, etc. Splendid for Potatoes and most vegetables. Lb. 45c., 5 lbs. \$2.00, 25 lbs. and over at 32c. per lb.

Bug Death. For Cabbage and Tomato Worms, Potato and Cucumber Bugs. Lb. 25c., 3 lbs. 65c., 5 lbs. \$1.00, 12½ lbs. \$2.35, 100 lbs. \$15.00.

Black Leaf 40. For plant lice, thrips, leaf hoppers, etc. in orchard or garden. ½ lb. 75c., 2 lbs. \$2.50, 10 lbs., \$10.75.

Cut Worm Killer. For the destruction of cut worms. Lb. 30c., 5 lbs. \$1.25, 25 lbs. \$5.00.

Grape Dust. For rot and mildew on grapes, etc. 5 lbs. \$1.00, 10 lbs. \$1.90, 100 lbs. \$19.00.

Hellebore Powder. For the currant worm, rose slug, etc. ½ lb. 40c., lb. 65c.

Kerosene Miscible Oil. Better than Kerosene Emulsion for all insects for which nicotine is used. Qt. 65c., gal. \$1.65, 5 gals. \$6.00.

Lemon Oil. For mealy bug scale, red spider, etc. Pt. 60c., qt. \$1.00, ½ gal. \$1.75, gal. \$3.25.

Lawn Compound. (Sterlingworth). Destroys weeds, moss, etc., in lawns without injury to the grass. 5 lbs. 75c., 10 lbs. \$1.25.

Lime Sulphur Solution. For scale insect on trees and shrubs. Gal. \$1.10, 5 gals. \$4.75, 50 gals. \$20.00.

Nikoteen. For mealy bug, and all insects affecting plant life. ½ lb. \$1.25, 1 lb. \$2.00.

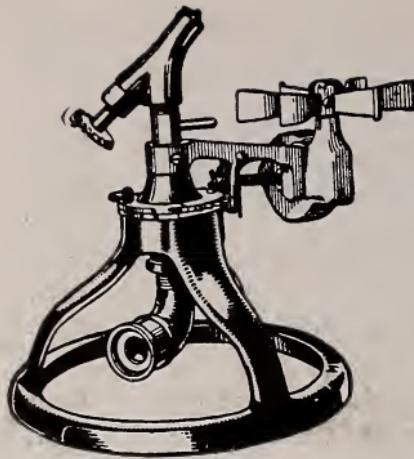

Pyrox, Bowker's. Kills all leaf-eating insects. Lb. 50c., 5 lbs. \$2.00, 10 lbs. \$3.50, 25 lbs. \$6.75, 100 lbs. \$23.00.

Vermine. A soil sterilizer and germicide for all soil vermin. Pt. 65c., qt. \$1.00, gal. \$3.00.

Weed Killer. (Herbicide). Gal. \$1.75, 5 gals. \$7.00, 10 gals. \$12.50, 25 gals. \$30.00.

Weed Killer, W. & D.'s Liquid. Gal. \$1.75, 5 gals. \$7.00, 10 gals. \$12.50.

Worm Eradicator, Read's Electric. Destroys all kinds of worms infesting lawns and putting greens. 8 oz. 50c., 24 oz. \$1.25, 48 oz. \$2.00, gal. \$4.50.

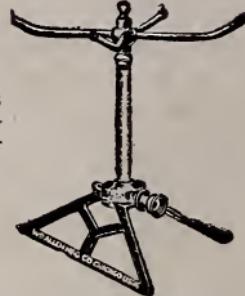

DAYTON

(The Lawn Type mounted on stand for hose installation). The Dayton is the most practical, durable and efficient sprinkler devised for watering lawns or gardens, and is now being used by thousands of lovers of a beautiful lawn or garden. It sprinkles in a circle. It sprinkles in a half circle. It sprinkles from a 3-ft. radius to a 40-ft. radius. It sprinkles every inch of the ground. It operates on any

pressure from 15 lbs. up. The nozzle can be adjusted to any kind of a stream. It is made of the best brass and aluminum. Price, each \$6.50.

CALIFORNIA SPRINKLER

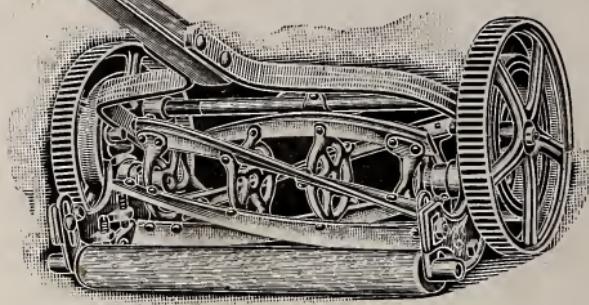

This is the most popular sprinkler on the market. It has four brass arms, and is mounted on a sled so that it can be easily dragged over the lawn without turning off the water. Each \$2.25; P. P. 4 lbs.

THE SUNSET

Throws a beautiful, mist-like spray; neat and compact. Each, \$1.25.

W. & D.'S SPECIAL BALL-BEARING MOWER

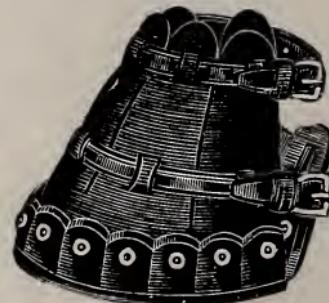

An excellent Mower for all ordinary work at a medium price, and so constructed that it cannot be easily disarranged. The drive wheels are 10 in. in diameter and

it has five steel blades highly tempered. The simplicity of its design, its light and graceful, yet rigid frame, make it a very attractive Mower.

14-in.....	\$10.50	18-in.....	\$11.50
16-in.....	11.00	20-in.....	12.00

HORSE LAWN BOOTS

Made of superior leather, improved double thick riveted soles, strap around the hoof, and will keep in place, and prevent horses' hoofs from cutting into soft lawns. In ordering send outline of hoof. Per set of 4, \$15.00.

WEEBER & DON'S MATCHLESS HOSE

This is the highest grade of Hose on the market, the finest quality of rubber being used in its manufacture. We guarantee it to stand 200 lbs. water pressure; does not kink and will last for years. $\frac{3}{4}$ -in., 25c. per ft.; $\frac{1}{2}$ -in. 23c. per ft. Furnished in any length.

WEEBER & DON
114 Chambers Street NEW YORK
